

# WAKE™ PRO 215

The only watercraft designed specifically for tow sports. Loaded with features like a retractable ski pylon, removable board rack, Ski mode and more.

SPORT | 2011

## iBR iTC S<sup>3</sup> CLCS Specifications

### DIMENSIONS

Length.....	139" / 354 cm
Width.....	48" / 122 cm
Height.....	45.9" / 116.6 cm
Weight (dry).....	855 lb. / 388 kg
Rider capacity.....	3
Fuel capacity.....	15.9 gal / 60 l
Storage capacity.....	13.7 gal / 52 l

### ENGINE

Type.....	1503 SC Rotax® 4-TEC® engine
Intake system.....	Supercharged with intercooler, 60 mm throttle body
Bore x stroke.....	100 mm x 63.4 mm
Displacement.....	1,494 cc
Compression ratio.....	8.4:1
Cooling.....	Closed-loop cooling system (CLCS)
Fuel type.....	87 octane – minimum 91 octane – recommended

### DRIVE UNIT

Propulsion system.....	Sea-Doo® Direct Drive
Jet pump.....	Aluminum, axial flow, single stage, large hub with 10-vane stator
Transmission.....	iBR™
Impeller.....	Stainless steel

### ELECTRICAL

Ignition.....	Digital induction
Starter.....	Electric
Battery.....	12 V

### HULL AND COMPONENTS

Type.....	S <sup>3</sup> ™ Hull
Color.....	Wake Red

Ski mode

3-position retractable ski pylon

Fold-down reboarding step

Removable board rack

Flowing edge design

Watertight, removable storage bin

# Standard Features

# WAKE PRO 215

SPORT | 2011

## HULL AND COMPONENTS

iControl™	.....The “Brain” that integrates and controls all systems to create the best possible ride.
S <sup>3</sup> Hull.....	Stepped, stable & strong. Lightweight material, ribbed and stepped. Creates a low-pressure zone to reduce drag for nimble handling and rail-tight cornering.
Touring / Sport mode.....	Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Set button. It provides all acceleration performance for a more aggressive throttle response.
Bow and stern eyes.....	Designed for towing or securing the craft to a trailer or dock.
Carpeted footwells.....	Offer extra comfort, non-skid surface and great looks.
3-up seat.....	Comfortable room for three – permits spotter for watersports.
Hinged seat.....	Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
Fold-down reboarding step.....	Makes reboarding from the water easier and quicker.
Watertight, removable storage bin.....	Provides dry storage for luggage and necessities with easy access.
Tilt steering.....	Adjusts the steering and information center angle for maximum ease and comfort.
Multifunction Digital Information Center.....	Reports 28 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Cruise control, Ski mode, Slow mode, Fuel consumption meter, Water temperature, Touring / Sport mode, VTS™, VTS preset, F-N-R indicator, Low fuel level, Low oil level, Low oil pressure, Low voltage, Overheat, Hi voltage, Check engine, Sensor check, Battery protection, Key (wrong key), L-Key / R-Key, Maintenance info, Error codes.
Digitally Encoded Security System (D.E.S.S.™).....	Industry's first digitally encoded theft-deterrent system.
Foam flotation.....	Ride with security and peace of mind. Meets or exceeds USCG standards.
Off-Throttle Assisted Steering (O.T.A.S.™).....	Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
Quick latch fuel filler design	External exhaust cooling flush attachment
Sponsons	Special comfort hand grips
Bumpers	Emergency floating lanyard
Adjustable mirrors	Cut & sew seat with multi colors
Reboarding platform	Seat strap
Reboarding handles on rear platform	Operator's guide, instructional video and booklet
Rear grab handle	
Front splash deflector	
Dual drain plugs	

## WAKE PRO PACKAGE

Ski mode.....	This advanced iControl feature allows the driver to adjust the intensity of the launch for different rider skill levels and tow sports while maintaining a constant speed. You get highly repeatable runs for the best possible tow sports experience.
High-performance electric VTS (Variable Trim System).....	Provides pre-set positions for quick settings when adjusting boat trim, maximizes acceleration and high-speed stability.
3-position retractable ski pylon.....	Retractable, so it's there when you're pulling someone and out of the way when you're not. Also features spotter hand grips and rope storage.
Removable wakeboard rack.....	Provides easy transport of a wakeboard to the ride site.
Wide-angle convex mirrors.....	Increase field of view by 32% over standard mirrors.

## WARRANTY

BRP limited warranty covers the watercraft for one year.

## ENGINE

Supercharged, intercooled 1,494 cc four-stroke, Rotax with four valves per cylinder.....	Supercharged, intercooled 1503 SC Rotax 4-TEC engine provides reliable ultra-high performance in fresh or saltwater, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
iTC™ (Intelligent Throttle Control) system.....	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific cruise control, Touring / Sport mode and Variable Trim System that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl Learning Key™.....	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level. Each of the two settings can be fine-tuned using the mode/set buttons.
D-Sea-Bel™ system.....	Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
Multi-port fuel injection.....	Better control of exhaust emission and power at all RPM ranges to reduce emissions and reduce fuel consumption.
Closed-loop cooling system.....	Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
Water/air separator.....	Provides maximum airflow to engine and reduces water intrusion.
Watertight digital ignition.....	Provides optimal energy for a consistent spark, ensuring maximum performance.
RPM limiter.....	Protects engine from over-revving.
Warning device.....	Warns operator of engine and exhaust overheating, engine management and system failure.
Handlebar-mounted start/stop button.....	Engine starts and stops with single, user-friendly control button.
Tip Over Protection System (T.O.P.S.™).....	Protects engine in case of turn over.

## PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system.....	The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft <sup>1</sup> . All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Sea-Doo Direct Drive.....	Delivers optimum performance with the Rotax engine.
Aluminum stator vanes.....	Handles the high-performance engine without erosion.
Dual automatic vacuum siphon pumps.....	Continuously removes water entering the engine compartment.
Large diameter drive shaft.....	Maintains engine and pump alignment at all operating speeds.
Replaceable UHMW* wear ring.....	Provides long impeller life, less maintenance and maximum thrust.
Stainless steel impeller.....	Delivers improved acceleration, higher top speed and less cavitation.

## OPTIONS

Depth finder	Glove box organiser
Time/distance to empty	Safety kit
Altitude	Sandbag anchor
Top/average speed/RPM	Speed Tie™
Lap timer	Protective cover
Engine temperature	Advanced TEC trailer
Removable dry bag for front storage	Fire extinguisher
